

EasyLube® Sealing Adapter

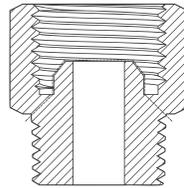

P-404SA

Specification

Model : P-404SA
Size : 1/2" (F) to 1/2" (M), Straight

Product Description

1. It can be quickly disassembled and installed on various models of automatic lubricators
2. Directly seal the interface of the grease cup, and no need to use anti-leakage tape to cover the thread
3. Improve work efficiency and lower the cost of each grease cup replacement

® Patent Number : M624194

Easy installation steps

Installation method 1

- 

Assemble the drive unit and grease cup then lock tight
- 

Install the sealing adapter on the grease cup
- 

Apply threadlocker along the direction of the vertical thread rotation
- 

Install the sealing adapter to the adapter and adjust direction of the indicator light

Installation method 2

- 

Follow steps 1 to 3 of installation method 1
- 

Install the sealing adapter to the L-bracket
- 

C-brackets can be subsequently installed
